LASER®

Biegsamer Prüfspiegel

Inspection mirror with 60mm diameter lens and 315mm flexible shaft, ideal for hard to reach areas, including under vehicle and engine bays. There is a composite handle for excellent grip and the flexible shaft can be bent to any shape, offering good visibility of concealed areas. A useful tool for a wide variety of vehicle servicing and maintenance jobs.

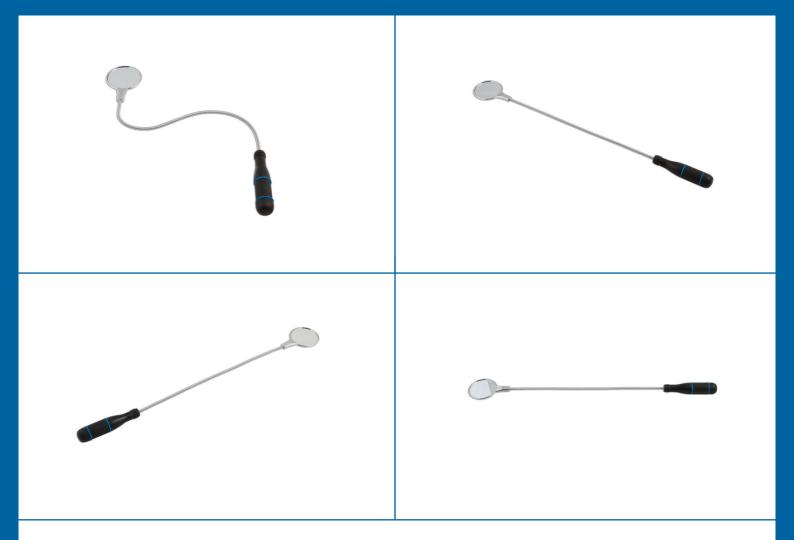

- Prüfspiegel
- · Flexible Welle
- Verbundgriff
- · Universell verwendbar
