

## Kit Entonnoir 3 pièces

This 165mm diameter funnel can be used on its own or attached to the included 480mm long flexible spout. The additional 600mm long, clear 9.5mm diameter flexible hose will get into the most inaccessible areas, for example topping up windscreen washer fluid or accessing hidden brake or clutch fluid reservoirs.

### Additional Information

- Longueur totale 480mm
- Diamètre de l'entonnoir 165 mm avec filtre
- Complet avec bec flexible
- Tuyau flexible transparent 3/8" x 600mm de long
- Nettoyer après utilisation avec de l'essence.
