

Ölwechsel-Kit, 5-teilig

All the supplies needed for mess-free oil changes in one useful kit, including an oil drain pan, funnel, oil absorption mat, hazardous waste bag and cable ties. The 6 litre capacity oil pan is made from tough polypropylene with side grip handles and a wide draining spout for easy oil disposal, whilst the large absorption mat will soak up oil, brake fluid and other petroleum-based fluids to keep the workshop clean. There is a blue hazardous waste bag and two cable ties for convenient waste disposal and a 140mm diameter funnel for spill-free oil top-ups. An invaluable kit for a range of automotive servicing and maintenance jobs around the workshop.
