

Drip Tray

Large plastic drip tray, with a low profile (19mm deep), that easily slides under the vehicle to protect the floor against oil and fluid drips, ideal for use under a classic car, or any vehicle that is stood for long periods. Manufactured from oil and fuel resistant plastic with a corner spout for ease of emptying. A simple solution for keeping floors clean during oil changes and minimising slip hazards. Can be used with the Laser Tools oil absorption pads if required (part numbers 5712 and 5713).

Additional Information

- Large plastic drip tray.
- Tray size: 609mm x 457mm x 19mm (24" x 18" x 3/4").
