

Faltbare Mechanikermatte Laser Tools Racing

Laser Tools Racing folding mechanics mat made from sturdy HDPE (high-density polyethylene) designed for hard workshop use, the upper surface is smoothly padded with soft EVA foam for comfort. The mat is a useful 1060 x 480mm in size but folds up to just 480 x 265 x 48mm for convenient storage. The tough, lightweight construction and compact design makes it ideal for mobile mechanics and race teams as well as general garage use.
