

Extra Long Screwdriver Set 660mm 2pc

Extra-long screwdrivers in Flat and PzDrive profiles with magnetic tips and soft, comfort grip handles. The 550mm blade is long enough to access even the deepest fasteners and is particularly useful when other components are in the way. The set includes a pair of the most common automotive screwdriver sizes, Flat 6 and PzDrive, ideal for quick, easy access when fixings cannot be accessed using a standard screwdriver.

Additional Information

- Two profiles: Flat 6 x 22mm, PzDrive 2 x 22mm.
- Overall length: 660mm, blade length: 550mm.
- Extra long for adjusting deep set & restricted access fixings.
- Black magnetic tips for easier adjustment.
- Manufactured from S2 tool steel.
