

Locking Wheel Nut Remover

An easy to use kit, allowing the removal of virtually any wheel nut that currently exists on the market without damaging the wheel thanks to a protective steel cap. To prevent tool and wheel damage, always read and follow the instructions provided.

Additional Information

- Removes locking wheel nuts, including on the newer Ford, Volvo, Hyundai & Kia models.
- Shroud provides protection to alloy wheels, helping to eliminate expensive damage. Used by leading national recovery services.
- Designed & manufactured in UK.
- Specific adaptors available - for Jaguar, please see Part No. 8113; for Range Rover, please see Part No. 8114.
- Spare parts available: Blade A (Part No. 8119), Blade B (Part No. 8120), Blade C (3 pack Part No. 8115, 1 pack Part No. 8116), Blade D (Part No. 8124), Outer Shroud (Part No. 8117), Inner Shroud (Part No. 8118), Mandrel A (Part No. 8121), Mandrel B (Part No. 8122), Spring (Part No. 8123).
