

LTR Tyre Lever Set 3pc

Set of 3 compact tyre levers, ideal for road and trail side repairs, as well as general workshop use. The narrow profile makes them easy to slide in and hook underneath the tyre. The spoke hook end allows the levers to hold themselves in place when more than one is required.

Additional Information

- Lightweight & compact set of tyre levers.
- Slimline design allows easy tyre prying.
- Spoke hooks to hold lever in place when more than 1 is needed.
- Levers clip together for easy storage on person or in a bike bag.
- Manufactured from nylon/fibreglass composite for strength.
