

Oiler with Adjustable Nozzle 125ml

A soft plastic oiler with an angled nozzle that can be adjusted to reach hard to access lubrication points or so that it can be used when inverted. The nozzle end cap can also be adjusted to alter the speed of the fluid being dispensed as well enabling it to be closed to prevent it leaking when it's not in use.

Additional Information

- Oil dispensing bottle featuring a nozzle that can be adjusted for both reach and oil flow.
- 125ml capacity.
- Nozzle can be closed when not in use to prevent leaks.
- Bottle manufactured from PE-HD plastic, suitable for use with motor oil, diesel and lubricants.
- Additional sizes available, please see Part No. 8532 (250ml) and 8533 (500ml).
